# EIT Campus Online Community: Guidelines

# Welcome to the Community!

The **EIT Campus Online Community** is a shared space for learners, professionals, and changemakers passionate about innovation, entrepreneurship, and sustainability. We are here to exchange ideas, support each other, and grow together. Let's build a collaborative, inclusive and inspiring environment together.

By participating in the EIT Campus Online Community, you agree to uphold these guidelines to ensure a safe, respectful, and constructive environment for all.

# Guidelines

At the EIT Campus, we **value innovation, inclusion and sustainability**. We are building a space where learners and professionals, at every stage of their academic and professional journey, feel supported, empowered to share ideas, and inspired to shape a greener, more innovative future together. **We ask you to:**

- **Respect others:** We are here to learn together. All interactions should reflect respect, kindness, openness and a willingness to collaborate. Harassment, hate speech, bullying, or any form of discrimination will not be allowed.
- **Stay on topic:** Keep your contributions relevant to the discussion. Off-topic posts may be removed to maintain the focus of the conversation.
- **Mind your language:** Avoid using offensive language or posting explicit content. This includes text, images, links, or any other form of media. Use inclusive, non-discriminatory language.
- **Protect privacy:** Do not share personal information about yourself or others without consent.
- **No spam:** Avoid spamming the community with repetitive messages or advertisements.
- **Report misconduct:** If you encounter any behaviour that violates these guidelines, please report it.

# Best Practices

- Be kind and constructive in discussions.
- Critique ideas, not individuals.
- Avoid sarcasm, trolling, or passive-aggressive behaviour.
- Welcome newcomers and help foster a sense of belonging.
- Use a professional tone while still being friendly and approachable.
- Always credit your sources and avoid misinformation.
- Use clear, descriptive titles when starting new topics.

# Rules and Moderation

If you come across behaviour that goes against these guidelines, please report it directly to the admins or contact us at [info@eit-campus.eu](mailto:info@eit-campus.eu). We take all reports seriously and we will handle them with discretion.

## Moderation Policy

- Warnings: Users who violate the guidelines may receive a warning from the moderators.
- Temporary suspension: In cases of repeated or severe misconduct, users may face a temporary suspension from the platform.
- Permanent ban: In extreme cases of violation or disregard for the guidelines, or repeated warnings, users may be permanently banned from the platform.

# GDPR and Privacy

We are committed to complying with the General Data Protection Regulation (GDPR). Here's how we protect your privacy:

- **Transparency:** You will always know what data we collect, how it is used, and who is shared with. Our [Privacy Policy](#) outlines these details in clear and concise language.
- **Control:** You can request, modify, or delete your personal data at any time.
- **Security:** We apply high standards of data protection to keep your information safe.
