

New Member Checklist

Familiarise yourself with the community:

Explore the subforums and start navigating through them.

Introduce yourself and say hi to others: Visit the 'Introduce Yourself' subforum and leave a post for fellow users to know you. Take the opportunity to browse who has joined and start forging connections!

Make your first contribution: Do you have any learning resources, reports or links that have been useful for your journey? Share them with the community!

Share the EIT Campus: The more the merrier! Invite your colleagues to join the community. They will certainly have lots to share and contribute!
